VOLUME 13 NUMBER 1

FEBRUARY 1979

## OVER 130 MILLION DOLLARS IN FEDERAL FUNDS REQUESTED FOR PALM BEACH COUNTY

The Area Planning Board was certified in 1967, by the Federal Office of Management and Budget, as the Areawide Review Agency for Palm Beach County. In this role, the Area Planning Board (APB) reviews all federal grant applications affecting Palm Beach County which are governed by Federal Office of Management and Budget Circular A-95 (as revised January 2, 1976). The Circular is a federal regulation the purpose of which is to promote cooperation between Federal agencies and State and local governments and agencies in the evaluation, review and coordination of Federal and federally assisted programs and projects. Programs which fall within the scope of A-95 review are those which have an impact on State, areawide and local development including environmental, economic and human resources.

Through its designation as the Metropolitan Clearinghouse, the APB sets in motion that part of OMB Circular A-95 which is identified as the Project Notification and Review System (PNRS), commonly known as A-95 Review. The Project Notification and Review System delegates two responsibilities to the Clearinghouse. First is the notification of local jurisdictions and agencies which might be affected by the proposed project. The second responsibility is agency review of the project to determine consistency with adopted areawide comprehensive plans and policies. The latter function utilizes the APB's Regional Comprehensive Development Plan for Palm Beach County adopted by the Board in October of 1977.

Applications involving federal funds within Palm Beach County must be sent to three clearinghouses: The Area Planning Board (Metropolitan Clearinghouse); Treasure Coast Regional Planning Council (Regional

Clearinghouse); and the State of Florida Department of Administration, Division of State Planning, Bureau of Intergovernmental Relations (State Clearinghouse). The Area Planning Board and Treasure Coast Regional Planning Council (TCRPC) have an agreement coordinating the areawide and regional review process in order to assure that there is no duplication of effort. The TCRPC reviews projects only for their impact on adopted regional plans and policies. The Bureau of Intergovernmental Relations assures that proposed projects are consistent with State plans and policies.

During 1978, the APB reviewed 114 applications having a total funding of \$233,211,764. (See Page 2 for funding breakdown by federal, state and local shares.) A great number of local governments and agencies were notified about proposed projects and the responses received indicate that the review system is operating well in Palm Beach County. The APB appreciates the cooperation of those who actively participate in the process. Comments of individual agencies and governments are considered by the APB in evaluating applications for consistency with local and areawide plans and policies. These comments are also forwarded to the applicant who must make them a part of the formal application to the Federal agency. The Federal agency is required to consider all comments when evaluating a project for Federal funding.

Pages 2 and 3 of this newsletter provide additional information regarding the applications processed in 1978. Any questions about the A-95 process should be directed to Ms. Kerry Sheehan, A-95 Coordinator, Area Planning Board of Palm Beach County, 683-9450.

The Area Planning Board reviewed 114 applications during the 12-month period from January 1, 1978 through December 31, 1978. These applications were for projects totaling \$233,211,764. Federal share amounted to \$132,946,666. Matching portions amounted to \$9,331,684 for the State share and \$90,933,514 from local funds.

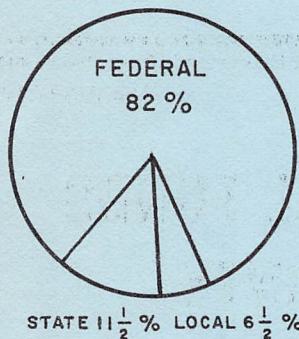

## APPLICATIONS FOR PROJECTS

Total: \$ 39,003,440

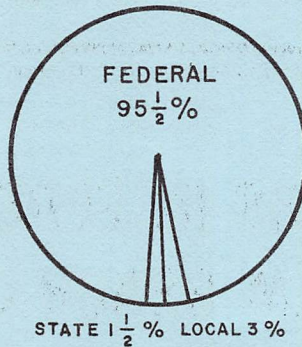

Total: \$ 71,027,886

Total: \$ 67,318,547

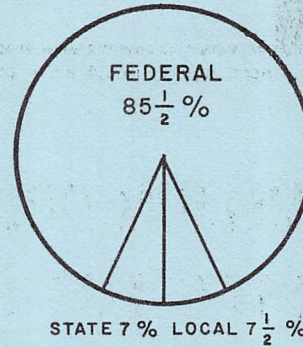

Total: \$ 233,211,764
